

Saturday School

English Language & Culture Courses

Saturday School gives your child the chance to experience a V.I.P package - an exclusive, private, international school education, for just one special day a week!

Any parent who wishes to turn their child's Saturday into pure quality time should enroll in this programme!

Saturday School is highly recommended for Japanese children and multilingual/ multicultural children - but all kiddies aged between 2 and 7 years old can benefit from these fantastic classes. Our sessions are attended by children of all backgrounds. From complete English language beginners to native speakers, everyone has a great time!

We teach children to speak English beautifully, but not in the traditional way. Communication is not just about speech. In our lively and fun classes we promote the natural use of body language, humour, and expressions that add to language and understanding. Our children learn quickly through a wide range of fantastic subjects, music/song, dance, art, stories, physical play and projects. We also celebrate special events and enjoy international festivals and traditions together.

What is the secret of Kspace's English Language success?

FUN - we make sure that the kids are having the best time that they have ever had learning! It is during this time that they actually pick up the most language. Children **WANT** to progress and are hungry for more when they are in Kspace classes.

Saturday School

English Language & Culture Courses

When is enrolment?

Children can begin our courses at any time in the year.

How often do we attend?

Your child can attend as often as you wish. With weekly attendance, we see children go from complete beginners to confident kids, who love to speak English and can interact well with international friends!

Course Content

Students are kept happy and busy all the time. Our fantastic teachers encourage them to use English in a fun and practical way.

In every session your child will:

- Learn the correct pronunciation of words through phonics sounds, role-play and repetition.
- Pick up useful, regularly used English words and phrases.
- Practice vocabulary and grammar through games and flashcards.
- Create arts & crafts that are linked with the week's key words and themes.
- Cook and learn about food, recipes and ingredients.
- Enjoy physical activity, games and P.E. in the gym, roof and outdoor play areas.

Monthly Themes

Each month we teach the children a range of useful and interesting facts. Even the youngest children and beginners enjoy our easy, step-by-step lessons. We use a system of 'REPEAT, REVIEW &, REVISE', which means that the children do things again and again.
